Representative Lamar Smith
House of Representatives
US Capitol, Wash. D.C.20515

Dear Congressman Smith :

In view of, the fifty year minority record, " The truth may not be known for a life-time because of national security," and the Wall coming down; I hereby make the following request to you as a member of the Judiciary Committee.

Please initiate the necessary action and support to release all of the John F. Kennedy Assassination Files.

Steve Bartlett has recognized this interest. It could be a popular one in Dallas,Texas etc.

I was informed by his office that Congressional action begins in the Judiciary Committee.

Sincerely

Edwin A. Walker
